

Body Systems FACEBOOK Profiles

Use the class set of articles to help you with this activity

“Profile Picture”: Choose a sketch to represent your body system. It could be an organ or system of organs. Your choice.

“About Me”: Summarize the structure and functions of the body system. Use the article for ideas. Just like Facebook, keep it short, sweet, and to the point.

“Liked Pages”:  Give me examples of fan pages your body system would “like”. EX. Your respiratory system would like “Just say NO to cigarettes” page.

“Friends With”: ALL body systems are interrelated in some way. Choose two other body systems that your system is closely related to. Make sure you tell “About your friendship” by explaining why each system is related to their “friend”.
